I miss you with every passing day, mama. I love you forever and always. There are no words to describe how much I love you and I wish you were still here with us. You were 54 when you passed, and you would be 62 now. Life certainly is not fair as you should still be here. At the end of the day, I am grateful to have been loved so unconditionally by you and wait for the day I get to see you again. I love you so much, "Weird Lady".
