Please accept my heartfelt sympathy to you and your family. It is never to loose someone that we care about and hold dear to our hearts. Reading the bible has helped me to have a hope for what the future holds. Revelation 21:4 "and he will wipe out every tear from their eyes, and death will be no more, neither will mourning nor outcry nor pain be anymore. The former things have passed away". This helps us to see that one day we will not have experience any of the pain that comes from loosing a loved one. I hope you will find encouragement from this as I did.

Please accept my heartfelt sympathies in the loss of your dear loved one. How comforting in knowing Almighty God has not only the power but also the desire to resurrect our loved ones. Jesus himself said: "Do not be amazed at this, for the hour is coming in which all those in the memorial tombs will hear his voice and come out." John 5:28,29

Mollie, Christy and I send our sincere condolences during this difficult time. We'll pray for you. I hope it gives you comfort to remember the good times you shared with Jim. He will always be with you. I certainly recall some good memories working with Jim on his survey crew at Harms & Associates. He was the crew chief, and I was his instrument operator. He was a quite man, but you could learn a lot from him if you just observed him. I used to get so mad at him because I wouldn't know what we were doing, but he was already thinking 10 steps ahead about how he was going to finish the job for the day. If it wasn't for him, Christy wouldn't have met you and worked for you at Orbital. He touched people in a gentle way. I remember my last day of working with him before starting my job with the state, he bought us all crab cakes for lunch. I will miss him.
