So sorry to hear about Betty and I know the last few years have been difficult for her and for the family. If it is any comfort, she is at peace now with no pain or fear. This is such a beautiful picture of her and she was such a beautiful person, inside and out. I will always be sad knowing she and Art will not be coming back to Ocala. The neighborhood seemed to come alive when they were here. She was a special person - quiet and reserved and always with a smile on her face. I never saw her mad - she was a good Christian woman. She loved her husband and loved her children. May she rest in peace and may God give strength to her family during this difficult time. Carole Dymond
