Brandon Mariano sent a virtual gift in honor of Lucita.

The first memory of you was when I was 4 years old back in 2002 when I was very small. You were always there for me, and were in my thoughts then. 13 years later, now 17 years later and much taller, much more matured since my Pre-K years, ready to graduate, you are still in my thoughts just as much as my first encounter with you. I am going to graduate in June and when I am ready to take my first step into the college I'm in, I will always think of you. Sleep easy now, forever.- Brandon Mariano
