RIP Bill. We loved you and will miss you. Thoughts and prayers go out to our family in our loss of Bill. I pray the Lord will bring peace and comfort to each one. Please concentrate on the good memories we have of Bill and how he touched your life. Keep him close in your heart by those special memories. One of my memories of Bill is how he could spin a story and get so tickled in doing so that he would have you laughing at him rather than the story he was telling. Had not heard that laugh for a long time, because life had dealt some serious blows to you. Another memory, was the time you fell out of the truck window, as your mother was driving on the country road, was distracted and ran off the edge of the blacktop and in doing so you went out the window. In those days there were no car seats and little kids would stand by the driver. When Ruth got out to get you. You were running to her and saying, "Why did you run off and leave me"? You carried those scars on your head the rest of your life..I love you, Buddy.. Rest in peace. Aunt Sis
