Michael hated suits. When he lost his job at AT&T we sold our waterbed so he could buy a suit to go on job interviews. He hated that suit but he did what he had to do because that was the kind of guy he was. I think it is awesome that at his memorial no one needs to where a suit. Just as we are we can come. Thank God there are no suits on the "Other side." That's what he called it. The other side. Michael started reading at age 3. The main character in his favorite book was named Whoopsy. Whoopsy was an angel so I am sure he is beside Michael on the other side along with his Dad who Michael greatly admired.
