Brigitte Lynn Wallace McKee

NOV 30, 1976 - APR 26, 2020

It is with great sadness that the family of Brigitte Lynn Wallace McKee, devoted mother, loving daughter, wonderful sister and friend, passed away on April 26, 2020 in Annapolis, MD at the age of 43 years after a valiant struggle with breast cancer.

Brigitte was a special person to all who knew her. She was as beautiful on the inside as she was on the outside, always, kind, thoughtful, and giving to others. Brigitte displayed honor, truthfulness, strength, and integrity in all she attempted and accomplished throughout her life.

Brigitte was born in Orange, CA and during her early childhood she lived with her family in Newport Beach, CA; Bronxville, NY; Darien, CT; and Vienna, AU. She attended school in Los Altos, CA; La Jolla, CA; and Santa Barbara, CA. Brigitte was an honor student throughout her elementary and high school education and was involved in many academic and leadership activities. She culminated her education graduating from Stanford University with a degree in Science, Technology, & Society and her MA from the University of the Pacific in Organizational Leadership. During her years at Stanford University Brigitte was in the NROTC program and served six years in the US Navy as a surface warfare officer, ship navigator, and as an instructor at the US Naval Academy. Upon leaving the Navy she worked at Booze Allen & Associates.

From the time she was a young child Brigitte loved sports. She was a great athlete and enjoyed competitive swimming, soccer, softball, and tennis. Eventually her passion centered on tennis where she excelled throughout high school, college, the Navy, and ultimately, much USTA and social tennis with family and friends.

Brigitte loved to travel and from the time she was a child until the past few months she took advantage of visiting places and friends throughout the world. A recent memorable trip was to Iceland and Norway with her parents and to Hawaii with her children.

Brigitte came into my life when she joined the Annapolis Dragon Boat Club, her strength and tenacity were evident from our first encounter. Brigitte had been a dragon boater previous to her arrival in Annapolis and showed skill as soon as she got in the boat in her first practice. While her battle with C continued she paddled when she was able and I distinctly remember a conversation with her following a practice where she said, I just wanted to get on the water and paddle as much as I could today to clear my mind and emotions. As a coach one cannot feel more in awe and gratified than to have an athlete say that they just want to put all strength and emotion into their practice development. That was one awesome day in the life of Brigitte. A spectacular individual who looked at everyday and seemed to maximize the drive, effort, and spirit necessary to cruise through the day with clear eyes and steady course. Having her be a part of my life and the life of the DB team will be treasured. Peter Van de Castle
