I met Terri my first legislative session (2016) clerking for JPR. I know she loved her sons and was all about family. We would have each other cracking up in the back room, while getting materials together for committee. She'd yell "move faster" and I'd yell back. I moved on to DLS, but looked forward to seeing her every session and catching up. She was so excited a few weeks ago about the late midnight session, she popped in the Amendment Office to tell me. A remarkable, amazing woman I was truly blessed to have met. My heart goes out to everyone.
