# Elizabeth "Betty" Jane Wise

APR 27, 1950 - JAN 15, 2025

**E**lizabeth Jane Wise known as Betty or Momma. She was the kind of woman you don't come across every day-tough as nails but soft where it counted.

A true salt-of-the-earth soul, she found her happiest moments out in nature, whether she was hunting in the woods, casting a line in the water, or crabbing with her grandkids. And if you ever went fishing with her, you know she didn't just throw any old lure in the water-she had a knack for knowing exactly which color would land the fish.

A few people managed to hook her over the years, but not many reeled her in for good. She leaves behind her husband, children, grandchildren, great grandchildren, siblings, nieces, and many friends with a lifetime of love, wisdom, and stories that will be told for years to come.

Her presence filled every room with warmth, and while her absence will be deeply felt, her spirit will live on in the hearts of those who knew and loved her.

Betty was my grandma.. she will absolutely be missed by all family and friends. If you ever had a hug from her you would know there was never another like it she would always hold you tight and wrap you in her warm embrace and she would always hold you for a little bit longer than normal.. all my memories of her are mostly from my childhood , running around all muddy down the river camping and her helping me set my rod up and cast a line in the water or sittin around the fire and her roasting the most perfectly roasted marshmallow. I know that granddaddys heart is broken without you and now Amber too .. please look over us angels and protect our family. Until we see you again. All my love ❤️
