It has been such a pleasure getting to know you over the last three plus years. I will forever miss our chats about everything British, our mutual sense of humor, your views on politics and your love of Newcastle United. You assumed I was a Crystal Palace fan and I never corrected you as I am actually a Queen's Park Rangers fan but now you know. I was honored that you put so much trust in me knowing how fiercely independent you were. You allowed me to be mother hen, maybe sometimes nagging a bit but only ever in your best interest! If there is one memory that will always stay with me, it is seeing you with your beautiful family and I know how proud of them you were. It always made me laugh when you would tell me a story about your children ending in "can you believe it?" Like Judith raising 6 kids, being a director of a company and still not retired! "Can you believe it?" All of us at Heartlands love and miss you loads. To Judith, Jim, all of your grandchildren and great grandchildren and to Mark...my sincere condolences. Fly with the angels now Mr. Prosser, you have earned your wings...until we meet again.
