Although I didn't have the opportunity to spend a great deal of time with my boy Steve, I am grateful for the moments I did share in his presence. Through my connection to his family, I was able to see how deeply Steve was loved and how much he meant to those around him. His life mattered, and his absence is felt by many. I extend my sincere condolences to everyone who knew and loved him. May Steve be remembered for the light he brought into the lives of others, and may his family find comfort in the memories they hold close.

My condolences to the family I personally have a great experience with Steven and boy he was a great guy. Steven help me through some tough times I had. He really had the ambition to make sure that I have some kind of connection with him. I lost track with him until in April 2025 and I did get my words out to him and said thank you for all of the support he gave me. Rest In Peace, Steve
