I first met Danny in the 1990s. His journey following his brain injury was a challenging one. His experience, along with that of his peers, is the reason Maryland's Brain Injury Waiver exists so we have him to thank for that. Through the past few decades, it has been wonderful to see him settle in to a comfortable life. He was fortunate to have a supportive family as well as the services he needed. I'm grateful to have had the opportunity to visit him recently to say good-bye. As I looked around his home, there were so many signs that he was well cared for and well loved including the interactions of the staff with him, the many pictures around his home of he and his roommates enjoying life, and signs of great support from his family. Rest in peace Danny. I'm grateful to have known you. Stefani O'Dea

It is with heavy hearts that we say goodbye to our dear Danny Beavers, a beloved member of our community for over two decades. Danny has been a resident of Mary T Maryland, since 2001, highlighting his many years with the organization. He was known for his extremely pleasant nature and for always being friendly and polite. We will miss seeing him in our common areas, where he often sat quietly, observed his peers, and nodded along to the music. A true fan of The Beatles, his favorite band members were Ringo Starr and George Harrison. Our thoughts are with his family, especially his devoted sister, and all who had the privilege of knowing him. Rest in peace, Danny. You will be greatly missed. **A few photos from his 68th birthday party!** **Danielle Brown

Danny, It was such a pleasure being your caregiver. Taking you to the beach and how excited you was to ride the ferry. It was always nice taking you on your appointment. You lived a very long meaningful life. Rest in heaven.Tiakeisha
