“ Sending my love and support. Hoping that many wonderful and loving memories keep your heart warm and give you comfort in your grief. Wishing you moments of peace when you need them most and courage to get through these difficult times. I wasn't able to watch the service in real time- but just finished. What a lovely tribute to your mom/grandmother.

“ Joyce was a very special and caring friend. She would always bring me healthy soups or something special she had made and it was always a healthy version and delicious. We had many fast walks and talks. She also was on a girl walking trip to France. Which we ate our way through much French bread, butter and desserts. We shared laughter and fun times. And we will miss her dearly. She was one of the most giving, and caring person and always there for her friends and family in times of need. She is missed, and so glad I knew her. She was truly a great friend.
