“ We always enjoyed our visits when Lorraine and Al they lived in Berrywood. Our daughter Michelle was a close friend of Dawn's in elementary school. I saw them at Costco about five years ago, and it was so good to see them both. Donna and Debbie gave Michelle some art lessons in elementary school and they made posters for Folger McKinsey School when I was co-hosting a school fair! I am so glad to have had these wonderful neighbors for some years. Bill and I wish Al our best as you look back at what a great marriage and family you created. Marie and Bill Waring
